

# The world's first proven technology to bring things back to normal is here.

It's been a tough year. The Coronavirus has taken so much from all of us that a lot of people have lost the ability to provide for themselves and their families globally. And frankly, the new normal is anything but normal.

At a time like this, when we are afraid to step out, have friends, guests over, to get back to work, there's one thing we can assure you of, protection from the transmission of Viral flu and Coronavirus in enclosed places. The Shycocan is a path-breaking technological innovation, a Virus Attenuation Device that disables Viral flu and Coronavirus with up to 99.9%\* efficacy in enclosed spaces. It's about time we get life back to normal. And normal back to life!

# Shycocan's Innovative Technology

 **100% Safe**  
No harmful side-effects to humans, animals or the environment

 **Effective**  
Disables Viral flu and Coronavirus up to 99.9%\* in enclosed space

 **Plug & Play**
